WELCOME

New Council Member Carter Dickerson

I would like to begin by saying that I am honored to have been nominated by Mayor Hartfiel and confirmed by Council to fill the vacant seat on City Council. Prior to this appointment, I began my third year of service to the City of Crescent Springs as a Board of Adjustment member, and have had a positive experience working with Mayor Hartfiel and City Manager George Ripberger in the process. I ran for City Council in November 2016 to bring the perspective of a new generation to the City and help represent the interests of young families and professionals who live in or are interested in living in Crescent Springs. I am married with three children. As a Senior Landscape Architect at Viox & Viox Civil Engineering-Surveying-Landscape Architecture, my skill set involves planning, design, construction management, and budgeting experience which I feel can contribute to the City's efforts to improve public infrastructure, public space, and economic development. I will be joining the Events and Recreation Committee, participate in the City Walkability Study, and am open to contributing elsewhere to the City as the Mayor and administration see fit.
