Awards:

- Boone County KY Historic Preservation Award 2014

Mr. Dickerson was hired by Viox & Viox, Inc. in October 2004. Mr. Dickerson provides design, graphics, and inspection services for the firm. He has experience in the design of planting plans, site design, streetscape plans, public parks, green infrastructure systems, master plans, intermodal transportation systems, erosion control plans, healing gardens, school campus landscapes, and stream restoration plans. In addition, he prepares illustrative exhibits for public hearings, fundraising and legal procedures. He is actively involved in presentations for zone changes, site plan approvals, and board of adjustment applications. In 2009, Mr. Dickerson became a Kentucky Erosion Prevention and Sediment Control (KEPSC) Program Qualified Inspector.

Registration:

Registered KY Landscape Architect #790

Project Experience:

Highland Cemetery Master Plan 2016: Design of master improvement plan to beautify, renovate, expand, and improve all historic and potential new features to the 1868 landmark cemetery in Fort Mitchell, KY

Flagship Park at Lakemont: Master plan design and administration of bidding and construction of \$1.3 million budget/31 acre city park for Erlanger, KY
